

Monroe Christian School Knights in Training

Preschool, Pre-Kindergarten & Kindergarten Programs

Train up a child in the way he should go,
and when he is old, he will not depart from it.

Proverbs 22:6

Welcome!

Thank you for exploring the educational possibilities at Monroe Christian School. In addition to our K-8th grade program, we offer a wonderful early childhood education program with teachers who genuinely care for, encourage, and challenge each student. Our teachers see the possibilities and potential of every child and will challenge your child to grow spiritually, emotionally, socially, physically and intellectually.

- **Spiritual Development** - Your child will experience God's love in a setting that is saturated with the belief that every child is God's precious child. Each child is treated with love and respect. Your child will come to understand that God loves them and He has a special plan for their life.
- **Emotional Development** - Your child will play with and learn alongside other children their age and be actively engaged in their learning. They will develop friendships and feel like they belong. They will see themselves as capable and responsible.
- **Social Development** - Your child will see that our world is a big and exciting place full of unique people, places, and challenges. Along with other children, they will work in groups, communicate, cooperate, follow directions, and negotiate.
- **Physical Development** - Your child will grow confident in their ability to run, skip, climb, draw, build, and write. They will be provided a variety of activities that strengthen large and small muscles.
- **Intellectual Development** - Your child will participate in a wide variety of activities. They will learn new songs, listen and tell stories. They will draw, paint, and express themselves creatively. They will be exposed to the educational building blocks that create a solid foundation for their future.

We are excited to partner with you, your family, and your child as you take this exciting step in your child's development.

With Warm Regards,

Elaine Obbink

introduction to MCS

Our Mission Statement

Monroe Christian School is a Christ-centered community, engaging, equipping, and empowering God's children for joyful service in His Kingdom.

Our Vision Statement

We at Monroe Christian School partner with Christian homes and churches to nurture and equip God's children. We recognize that Jesus Christ is sovereign over all creation and has created each child with unique abilities, gifts, and talents. Our purpose is to develop and encourage growth in every area of their lives; spiritually, intellectually, emotionally, socially, and physically, according to God's Word and relying on the Holy Spirit. Through this process, children will develop a Christian perspective of life that will enable them to critically weigh the issues of the day and lead them into faithful stewardship of God's world and into a life of joyful service.

"Do not conform any longer to the pattern of this world, but be transformed by the renewing of your mind. Then you will be able to test and approve what God's will is – His good, pleasing, and perfect will." Romans 12:2 (NIV)

Philosophy of Monroe Christian School

Monroe Christian School was established for the purpose of providing a school that would teach a way of life compatible with that held at home. The establishment of the Christian School rejects the secular philosophy that man is the center of the universe and acknowledges God as the Creator of all things. It establishes the Word of God as the plumb line for all learning. Monroe Christian School believes that our lives, as Christians, are lived within the Kingdom of Jesus Christ here on earth. This "world and life view" does not separate us from the present world, but helps us see it in the light of God's Word as revealed to us by His Holy Spirit.

The instruction at Monroe Christian School is aimed at showing how to lead a life of service to God and our fellow man within the framework of the world in which we live.

The aim of Monroe Christian School is academic excellence in the tradition of both Christianity and education. Providing the best education within a Christian context is the goal of the leadership and staff at Monroe Christian School. Through textbooks, instruction, and staff members, the students are led to understand how the truths of the Kingdom differ from the world in which they live.
